Maharaj

The Masters belong to the great lineage of Rishi Shringi who performed Yajna for King Dashrath and Lord Rama was born.

Vihangam Yog celebrated its **100th Annual Festival** in Dec 2023 with **Indian Prime Minister Mr. Modi** inaugurating **Swarved Mahamandir**, Varanasi (India) – the **largest meditation center** with 20,000 practitioners' capacity to meditate at a time. Swamiji has the same energy and grace of the lineage of Maharishis of highest order. He will be blessing everyone with the meditation as mentioned in Gita, Vedas and Upanishads. The first stage of the **ancient most meditation technique** establishes control over the wandering mind, provides stability of thoughts and emotions. Higher stages of meditation lead to purification of mind, realization of the Soul and the Supreme Being. The practice makes you experience the inner peace and brings the world peace.

Since 2013, the organisation has special consultative status from **United Nations – Economic and Social Council (UN – ECOSOC)**.
